**Public Notice**

This is to inform that due to the unforeseen force majeure situation in the Middle-East conflict and resultant non-availability of air connectivity to Israel, booking of all categories of international mail for Israel is kept on hold on temporarily. The situation is being reviewed regularly and booking will be resumed as soon as flight connections establish.

Further, in case of articles which have already been booked for Israel and not yet dispatched from India, customers have the option to recall their articles by submitting an application to the booking post office.
